Lifetime Giving Program Generating Interest

During the course of the past year, we have attempted to make contact via letter with all of our donors announcing the formation of VCSU's Lifetime Giving Program. The letter briefly explained the program and included a summary of the donor's giving history to Valley City State University. As we indicated in the letter, the Lifetime Giving Program is designed to enable us to more appropriately recognize our donors who provide important financial assistance to the university. In the near future, the Foundation plans to develop an official recognition wall on the campus listing the names of our donors and their respective level of giving. According to Larry Robinson, Executive Director of the VCSU Foundation, "The Lifetime Giving Program and the recognition wall is an exciting project. We will soon be positioned to give our loyal supporters the thanks and recognition they rightfully deserve."

Our Lifetime Giving Program announcement has generated considerable interest among our donor base. We have received a number of calls and inquiries regarding the letter with specific questions about individual giving histories. Needless to say, we welcome these calls and questions. Anyone who has a concern or question about their giving records is encouraged to contact the VCSU Foundation Office at 701-845-7203. Toll free 800-532-8641.
